"I Love Burnsville because . . ."

The Heart of the City. The Heart of the City is a beautiful places. The fautins and the Arts Center are beautiful. Sometime they perform band conserts and they are awsome. I also like the Performing Arts Center too. The Performing Arts Center has very good paintings and awsome plays. When your on the second level and look out the window it is a beautiful view of the Heart of the City. I have lots of fun there and I think you will too.
