"I Love Burnsville because . . ."

Of our beautiful community and our kind citizens. I like the citizens because sometimes you meet new people at different places. Like meeting a girl at the park. I also love our community because when I see people cleaning up our environment it makes me feel good deep down inside. Another thing I like about our community is the farmers markets. I also love the Dakota County library. Because when I get my nose into a book I can't stop reading!

That's why I ♡ Burnsville!
