"I Love Burnsville because . . ."

I love Burnsville because it brings joy to my heart. One of my favorite things to do is go to the Burnsville library. It has a million books and it's so fun to sit there and read in peace and quiet.

Another reason I love Burnsville is there are so many fun parks to play at. Like the Heart of the city.

Burnsville also has great schools like my school and the high school with a great football team. Burnsville is the Best Place to live!
