"I Love Burnsville because . . ."

Theres lots to do. On a wet and rainy day you could see a good movie at the movie theater or go to the huge Burnsville mall. On a nice sunny warm day you could go to the fun beach and go swimming in the water or you could go to the beautiful park and go on a nice picnic. In the winter you could go down sledding on tall tall buck hill. If you want to have fun inside you could go to skatville and go rollerskate really fast or you could go to fun Grand slam and do all kinds of fun things and thats what I Love about Burnsville.
