I-35W MINNESOTA RIVER BRIDGE REPLACEMENT PUBLIC HEARING NOV. 6

Burnsville City Council will hold a public hearing to discuss the future replacement of the I-35W bridge over the Minnesota River between Bloomington and Burnsville.

When: Monday, Nov. 6 | 5:30 p.m.
Where: Burnsville City Hall, 100 Civic Center Parkway

Officials of the Minnesota Department of Transportation (MnDOT) will present key points of the project and respond to questions from the City Council and public.

MnDOT is planning a large-scale reconstruction of the bridge and portions of I-35W beginning in 2018. The project will include rebuilding I-35W from Cliff Road to 106th Street; raising the grade of the roadway out of the 100-year flood plain; adding an additional northbound lane; reconstructing the 106th Street bridge in Bloomington; and adding a pedestrian/bicycle trail over the Minnesota River.

If work begins on the project in 2018 as anticipated, expected completion will be in fall 2020.

For more information on the project visit www.dot.state.mn.us and search "I-35W Minnesota River Bridge."
