HOMEOWNER BUILDING WORKSHOPS APRIL 26 & 28

Planning a home remodel or renovation can be tricky. Where do you start? Do you need a contractor, or can you do this yourself? What about permits?

To help get your next building project off on the right foot, the City of Burnsville is offering two *Homeowner Building Workshops* in April.

When: Thursday, April 26 | 7 – 9 p.m.
Saturday, April 28 | 10 a.m. – noon

Where: Burnsville City Hall, 100 Civic Center Parkway

Cost: FREE

Attendees are encouraged to register online at www.burnsville.org/workshop.

Whether you're a do-it-yourselfer, or are planning to hire a licensed contractor, these two-hour workshops will provide tips, tricks and information to help set your expectations for projects such as:

- Decks
- Room Additions
- Home Remodels
- Basic Plumbing, Electrical, HVAC and Building Code Requirements

A member of Burnsville's Building and Protective Inspections division will lead each session. The first portion will be a presentation, with time left for an open forum to ask specific questions related to your project.

Those who attend will be eligible for a \$25 discount on their next building permit.

For more information on Burnsville's building requirements visit www.burnsville.org/inspections or contact Burnsville Building Official Chris Faste at 952-895-4441 or chris.faste@burnsvillemn.gov.
