

February 27, 2014

Dear Valued Customer:

Your city is planning to renovate your street during their 2014 construction season. The city has asked CenterPoint Energy to begin our natural gas system replacement project prior to the street renovation. Our work is being completed to ensure a reliable and safe natural gas supply to your neighborhood. There is no charge to you for our work during the construction project.

Our contractor, Michels Corp., will start working in your neighborhood within the next few weeks.

Private Underground Lines

Please mark any private underground lines such as sprinklers, invisible dog fences, sewer lines, etc.

We are not liable for damages to unmarked lines unless you notify the crew prior to construction.

Gas Main, Meter, and Service Line Work:

The existing gas main line in the street or boulevard will be replaced.

The gas meter will be evaluated and replaced if necessary. If the meter is located inside your home we will move it to an outside location, if feasible.

The existing gas service line to your property will be replaced or reconnected to the new gas main.

Lawn and Driveway Restoration

Inside the city construction zone - The city will restore the area at the completion of the project.

Outside the city construction zone - CenterPoint Energy will restore the area affected by our work.

Questions ?

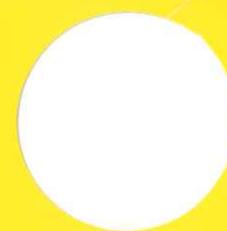

Please call us between 7 a.m. and 3:30 p.m. at 612-321-5369

Please reference: **Project # 67716265**

Thank you for your cooperation.

Notice

CenterPoint Energy is coming to your neighborhood!

Your city is planning to renovate your street during this year's construction season. The city has asked CenterPoint Energy to begin our natural gas system replacement **PRIOR** to the street renovation. Our contractor, Michels Corp., will begin replacement of the existing main line within the next week. **Lawn restoration will be provided at project completion.**

Please note: Private Underground

Please notify the construction crew of any private underground lines such as sprinklers, invisible dog fences, sewer lines, etc. We are not liable for damages to unmarked lines that are in the right-of-way unless you notify the crew prior to construction.

Questions?
